This product contains:

10 spring scenes

10 direction pages that coordinate with the spring scenes

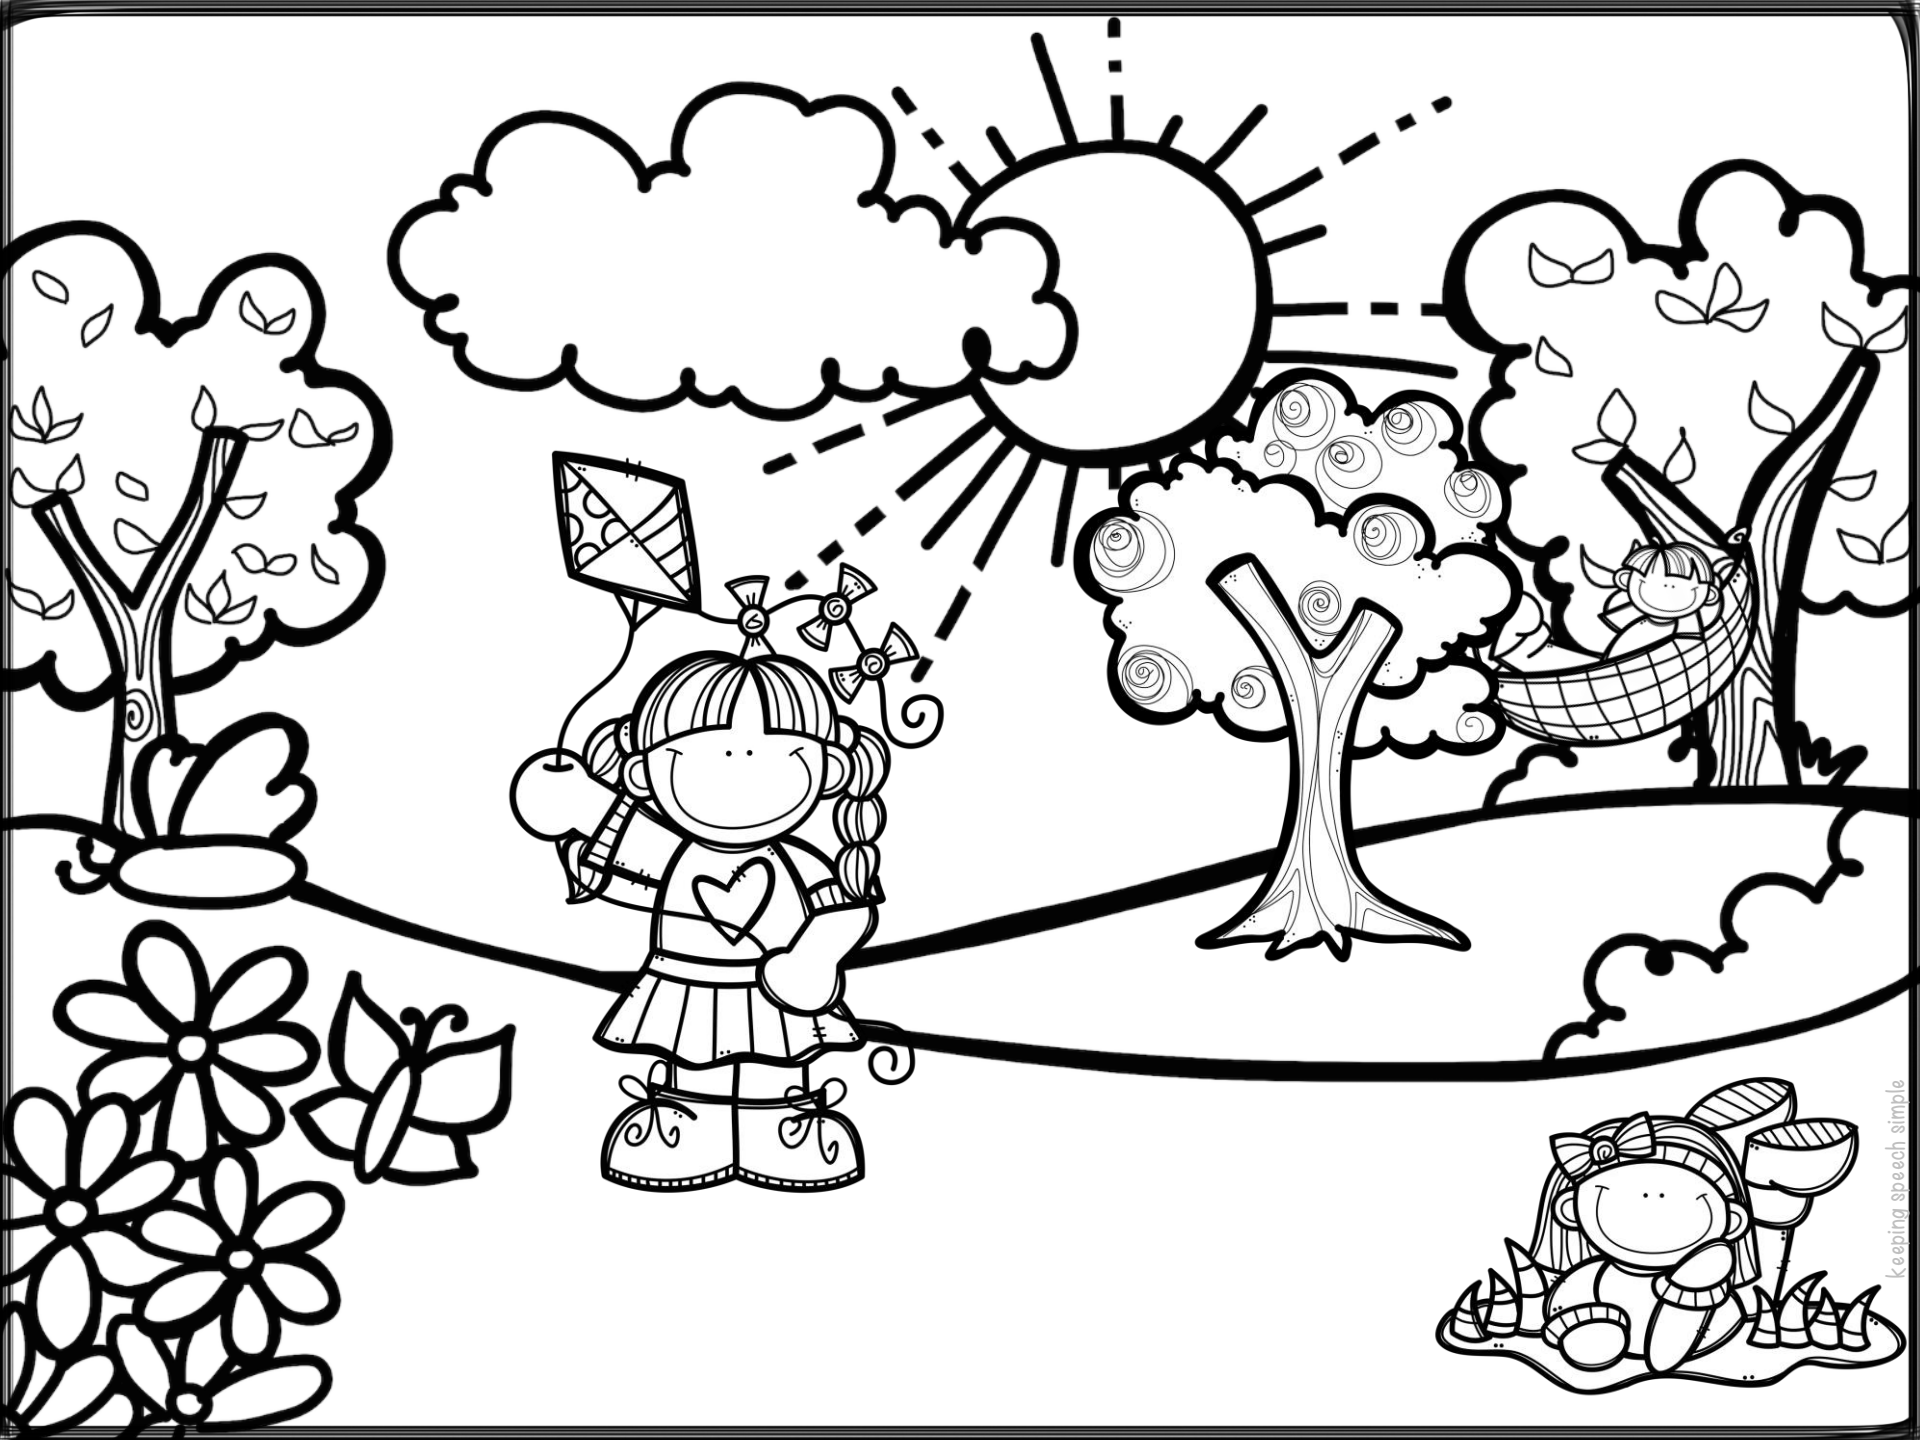

These activities will help students:

- practice following basic directions
- develop understanding of different sentence types
- improve understanding of spatial/location concepts
- Improve understanding of spring vocabulary
- Improve use of spring vocabulary and concepts

Spatial concepts targeted:

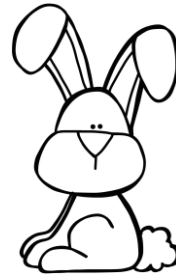

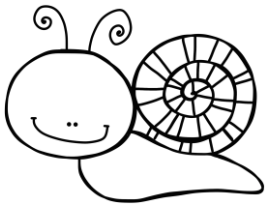

- On
- Beside
- Above
- Below
- Right, corner
- Underneath
- Between
- In front of
- Behind
- Next to
- On top of

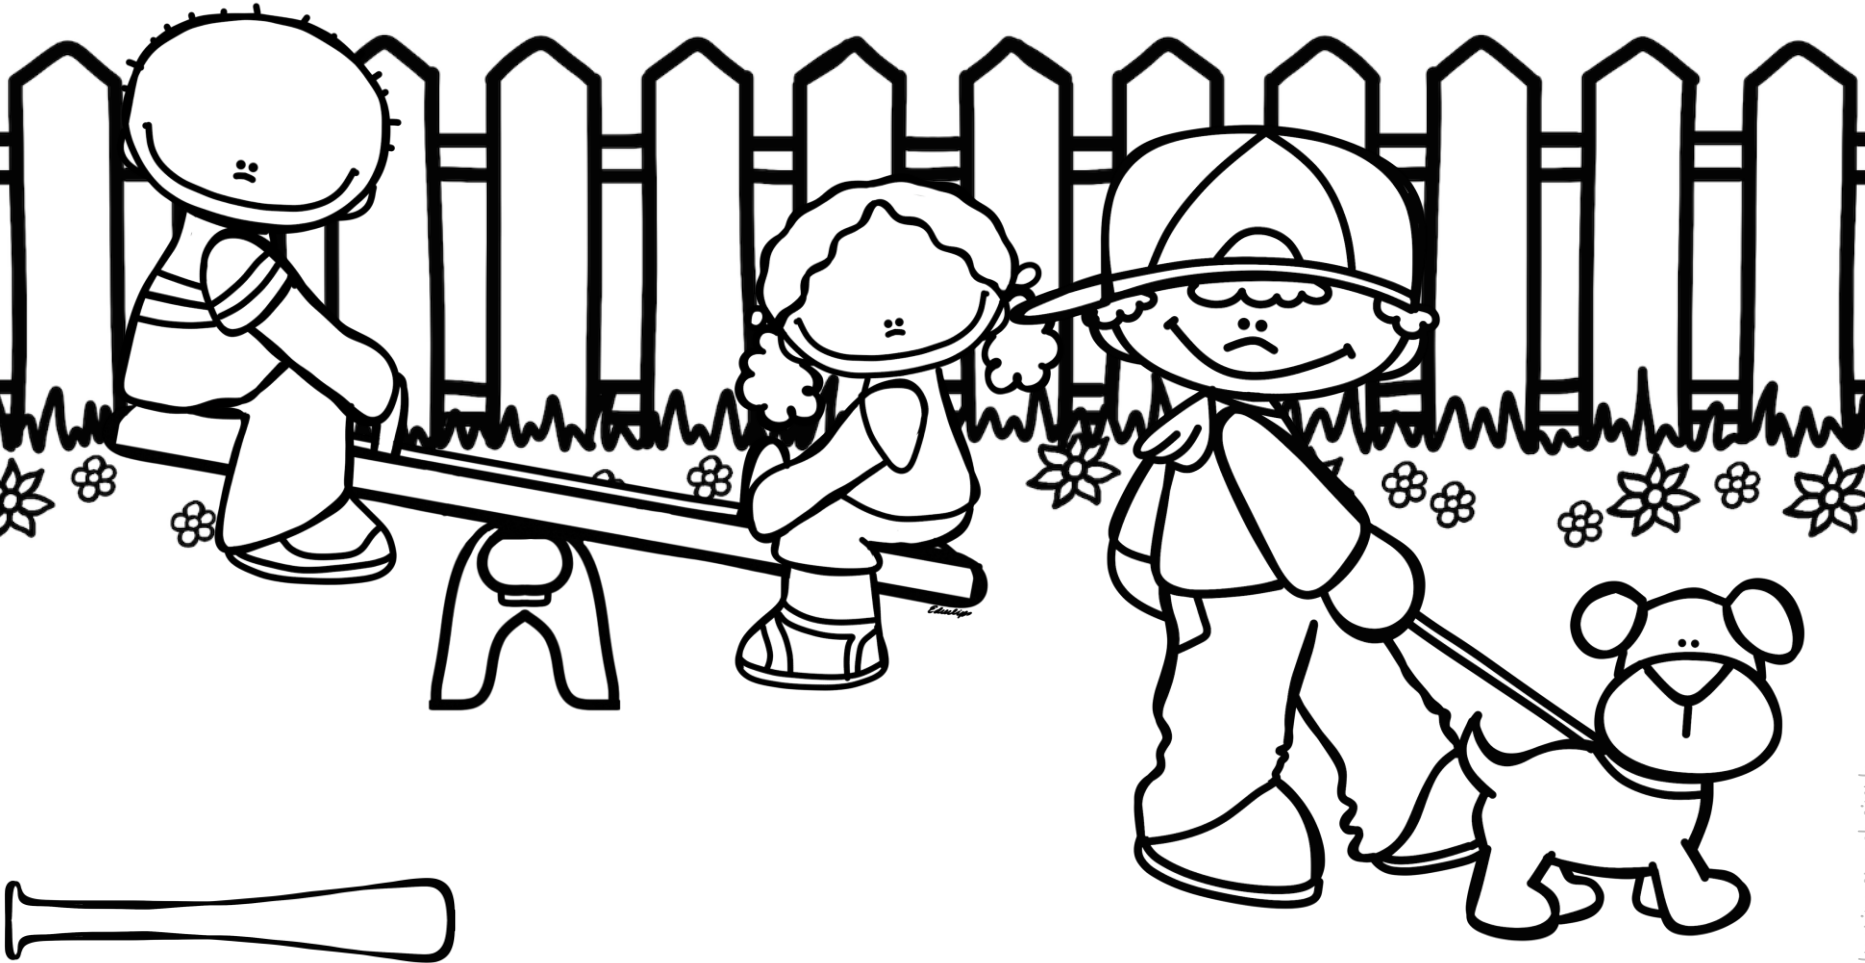

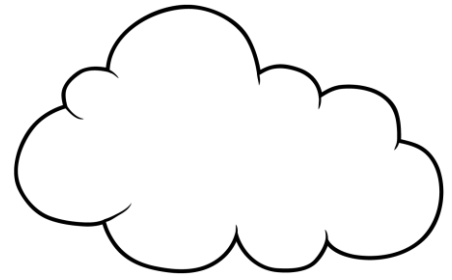

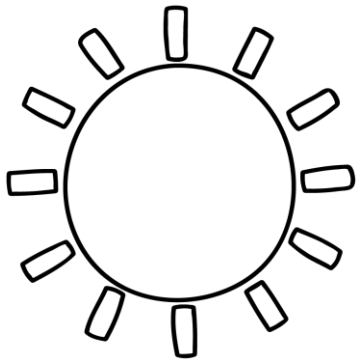

These pages are easy to use! Just print, grab some crayons, scissors and glue and you are ready to go! Students listen to the directions to color the pictures. Next they cut the pictures. Students listen to directions to know where to put the pictures on the picture scene. Students can describe their scene once complete. Pictures are fine cut along the dotted lines but my students usually like to cut the pictures smaller.

Cut out the pictures and listen to your teacher to know where to put them on your picture.

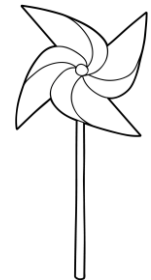

1. Color the snail green.
