

SET-UP INSTRUCTIONS

Print and laminate the cover and instruction cards below.

Print and laminate the pages containing the spinners.

Each spinner has three circles.

Each printed page contains two complete spinners.

Print the words lists.

You can either print on regular paper and have students write with pencil, or laminate and have them use dry erase markers.

Cut out the three circles for each spinner and stack them in size order with the largest on the bottom. Insert a brad through the center of each circle.

Have students spin the rings until they have found the seven different words, which they can write on the included word lists.
