

## Focus Skills

### Geometry

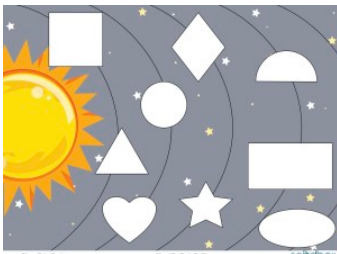

- Identify common 2-dimensional shapes such as squares, rectangles, triangles, heart, star, circle, semi-circle, oval, diamond

### Fine Motor Skills

- Coordinating the use of arms, hands, and fingers together to manipulate objects with increasing accuracy
- Engage in activities that require hand-eye coordination

## REQUIRED MATERIALS

Shape Solar System  
Template

Glue

Scissors

## Directions

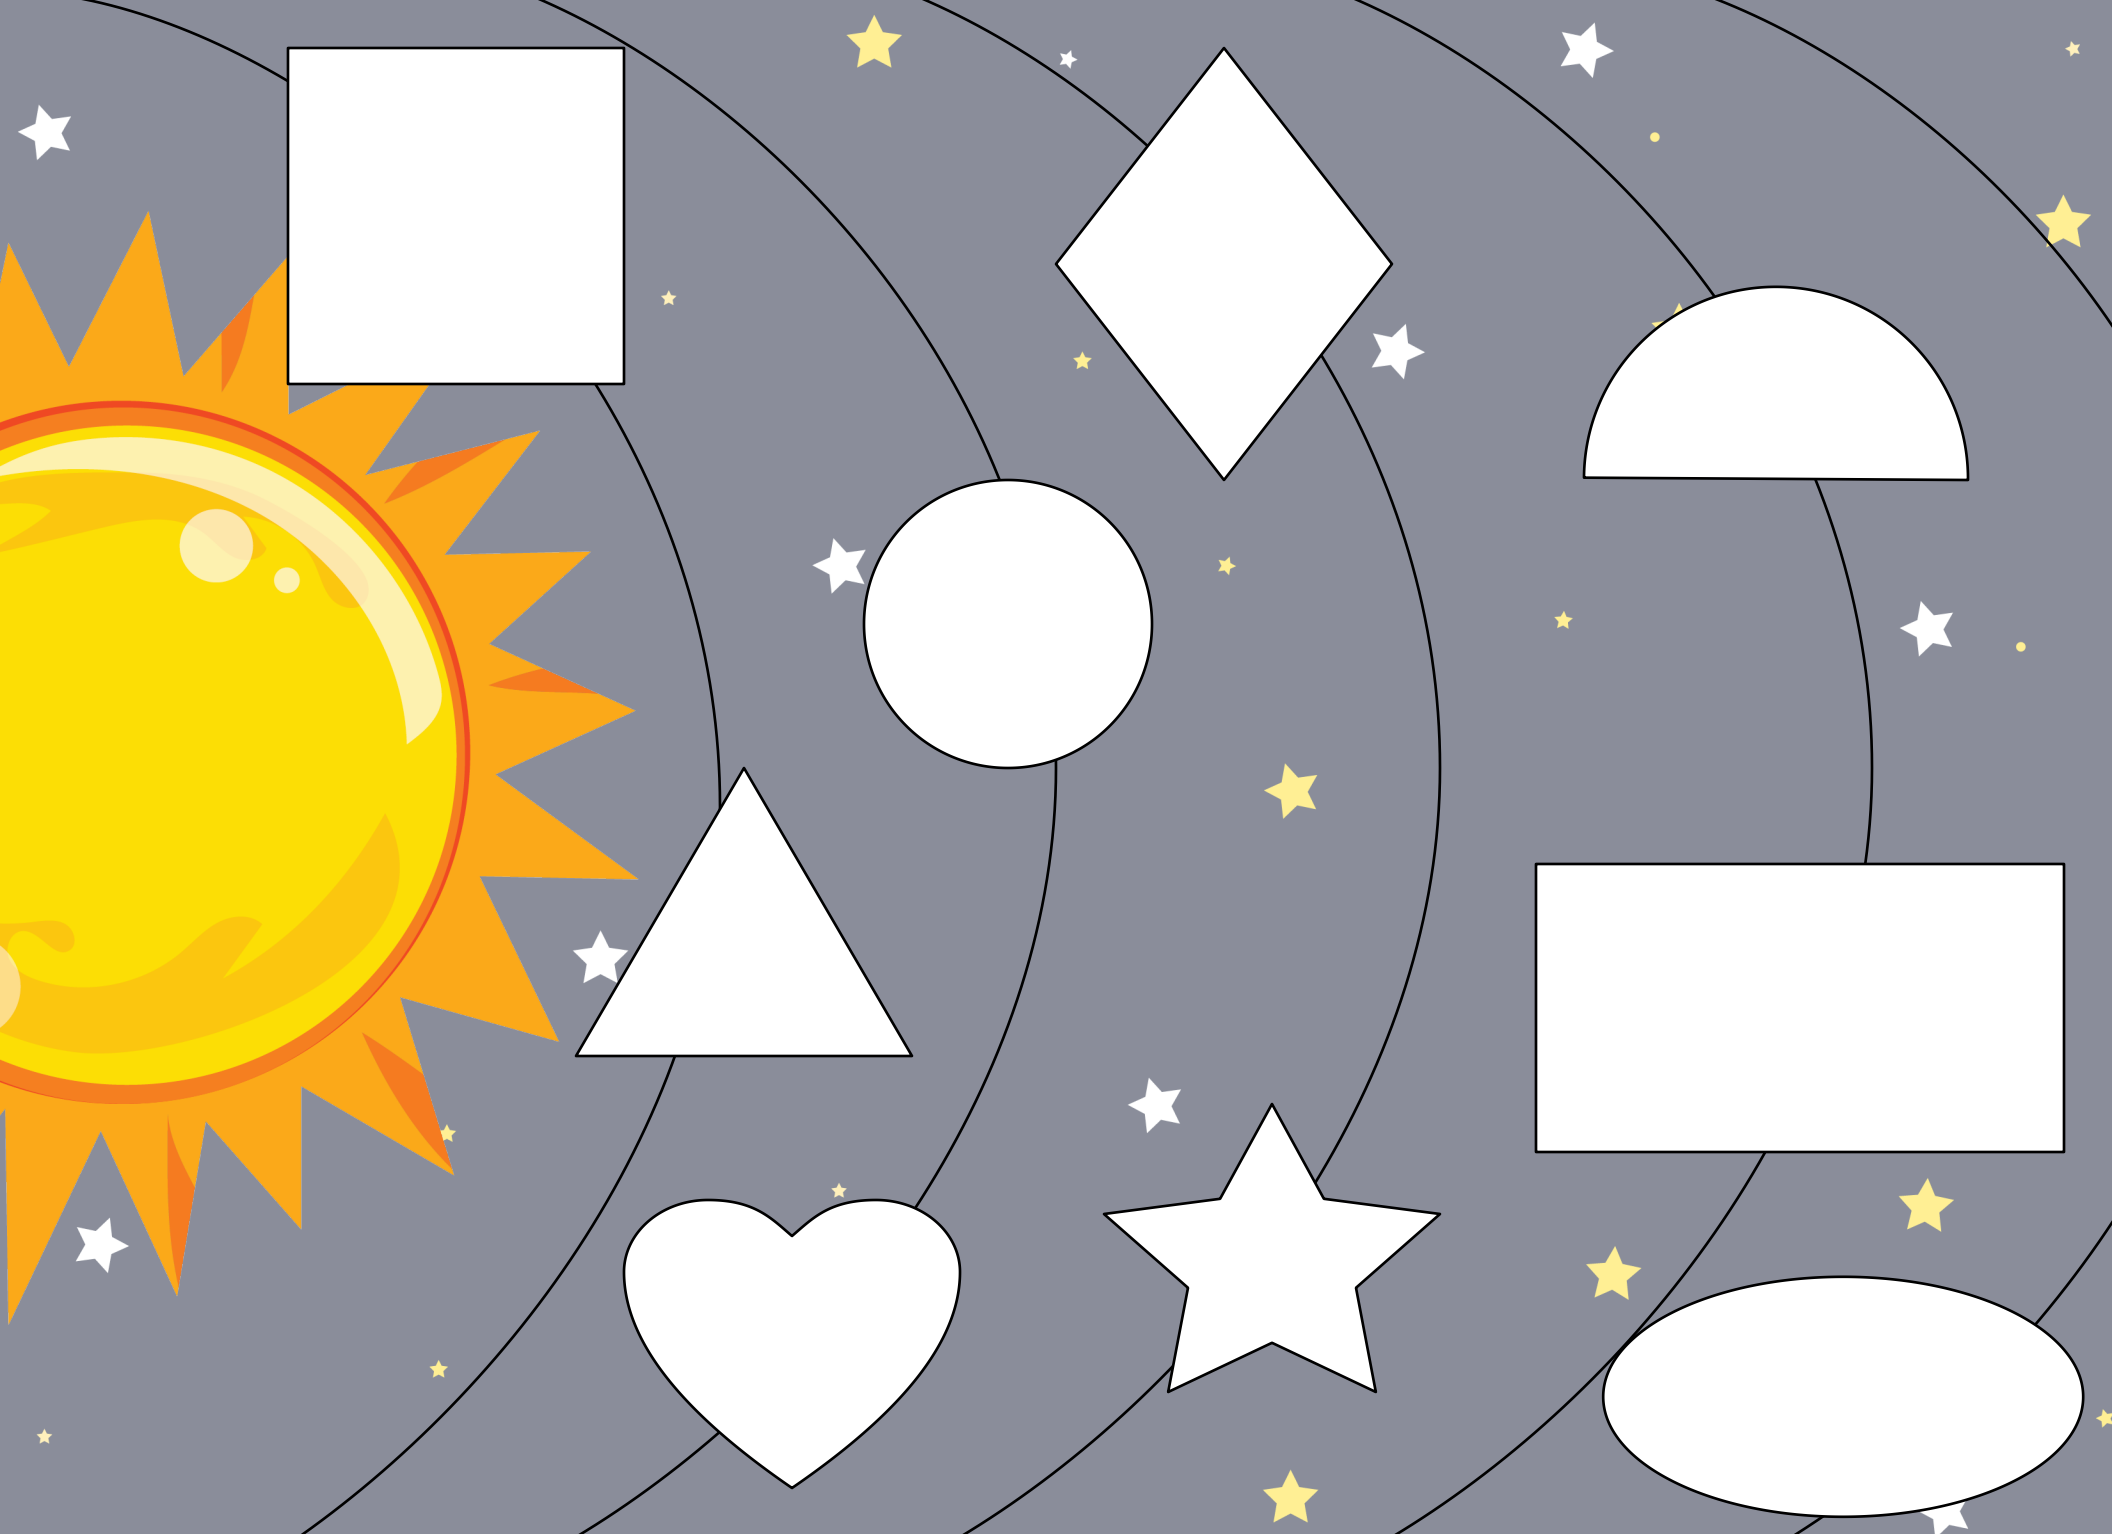

**STEP #1** Print and cut out the Shape Solar System Template.

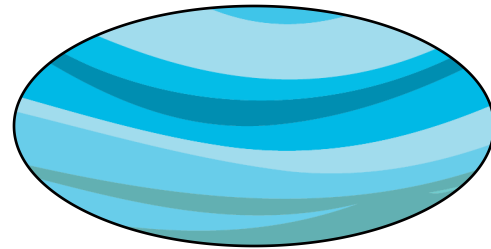

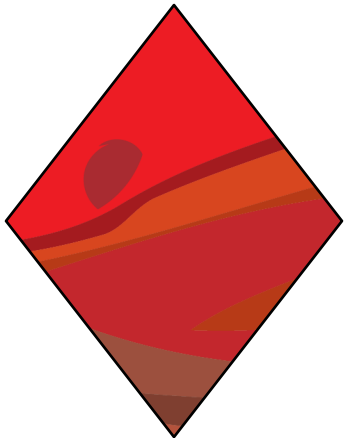

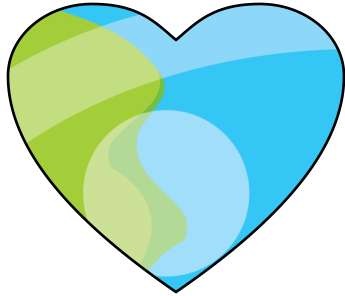

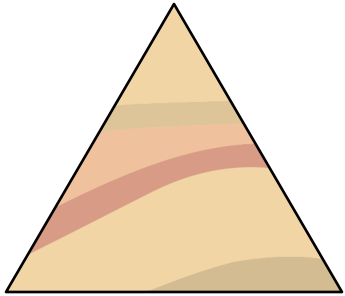

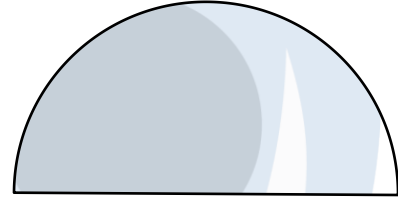

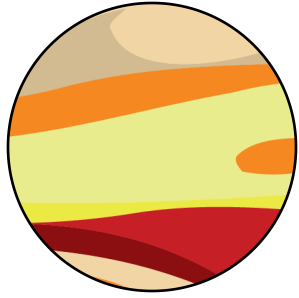

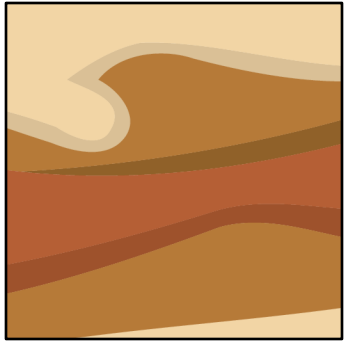

**STEP #2** Match and glue each shape to the correct spot on the solar system page.

### TEACHER TIP

As your Lil' glues each piece, encourage them to name the shapes. If they're not naming them themselves, that's totally fine; go ahead and add commentary for them. They are still learning, even though you were the one naming the shapes. When they're ready, they will start naming the shapes on their own.
