## Our New Home is Better than Ever!

Please make a note of our new address:  
3905 University Dr 🌸 Durham, NC 27707

Bonnie Hacker, OT  
Founder / Director

Our new home is 6,500 square feet of fun and opportunity. With our new state of the art, fully equipped therapy place, we are better equipped than ever to provide a wide variety of programs for children of all ages. Some key features of our new location include:

- A spacious gym allowing for more activities and ample room for older children.
- Small intimate spaces for younger children.
- Dedicated evaluation space
- A larger kitchen for cooking activities
- Floor space suitable for scooter board use
- Dedicated space for programs like Interactive Metronome
- Space for outdoor therapy equipment
- Space for future programs such as music, dance, and yoga
- Less clinical. Space that is even more inviting, more bright, more colorful, and more fun than ever! A place where highly productive occupational and speech therapy can be achieved while children have fun and want to return.

### Emerge - A Child's Place is now also a parent's place.

We have created a parent library, a quiet place for parents to relax, read, use free Wi-Fi, enjoy free coffee and tea, or use our complimentary computer while they wait. Our parent library has a one-way mirror into the gym. In fact, for parents and clinical observation, all the treatment rooms feature a one-way mirror. Given our great new location, parents can also wait at many of the nearby attractions such as Target, Foster's Market, Hope Valley Square, Southwest Library, and more.

### Visit us!

We are planning an open house on Friday, December 2, from 4 PM to 7 PM, but feel free to visit any time before that. Call ahead, and we will arrange a private tour just for you.

Please tell parents about Emerge – A Child's Place  
Believing in a Child's Potential to Flourish
